

Message from Mr. Anil Wadhwa, Ambassador of India  
to the Kingdom of Thailand

Thailand is a country with a proud history. Muay Thai has and will always be a part from this history. Muay Thai has become a recognized sport worldwide. Many aspects of Thai culture have been passed around the world and Muay Thai has captured the imagination of people both young and old.

Mr. Austin Prakesh, founder of Fitness Fight Club, Banglaore, has informed me that he is engaged in spreading the Muay Thai culture in India through establishments which teach Muay Thai on a commercial basis. I am certain that many Indians would also like to experience and learn the sport and the culture of Muay Thai.

Anil Wadhwa  
Ambassador of India  
Kingdom of Thailand
